

Residential Mortgages

Funding for Every Type of Borrower

A residential mortgage is a loan secured against property or land for personal use. As lending criteria tighten, an increasing number of borrowers are being labelled "mortgage misfits", unable to obtain a "high street" mortgage for reasons such as the client having adverse credit or non-standard income make-up.

We work closely with a range of specialist mortgage lenders who individually assess cases on their own merit, allowing us to provide you with tailored solutions if the deal makes sense. Our Specialist Team can work with you to present your client's case in the best possible light, helping you to turn your declines into accepts.

Common Uses

- Purchase a property or land
- Remortgage a property/ land to capital raise to consolidate debt
- Remortgage a property/ land to capital raise to make home improvements
